**STEP 1
(FRONT)**

Remove any original floor mat from the vehicle, if applicable. Align the retainer holes in the floor liner to the vehicle floor retainers. Snap the all weather floor liner into the retainers to secure the liner into place.

**STEP 2
(REAR)**

Remove any original floor mat from the vehicle, if applicable. Align the all weather floor liner to the vehicle, ensuring the liners are properly fitted under the front seats.

Installation is now complete.
