

TAILGATE STORAGE BAG

(2021+ BRONCO)

INSTALLATION INSTRUCTIONS

CONTENTS

- (1) Tailgate Storage Mount
- (1) Large Storage Bag
- (1) Small Storage Bag

TOOLS REQUIRED

- Isopropyl Alcohol
- Microfiber Cloth
- Panel Removal Tool

STEP 1

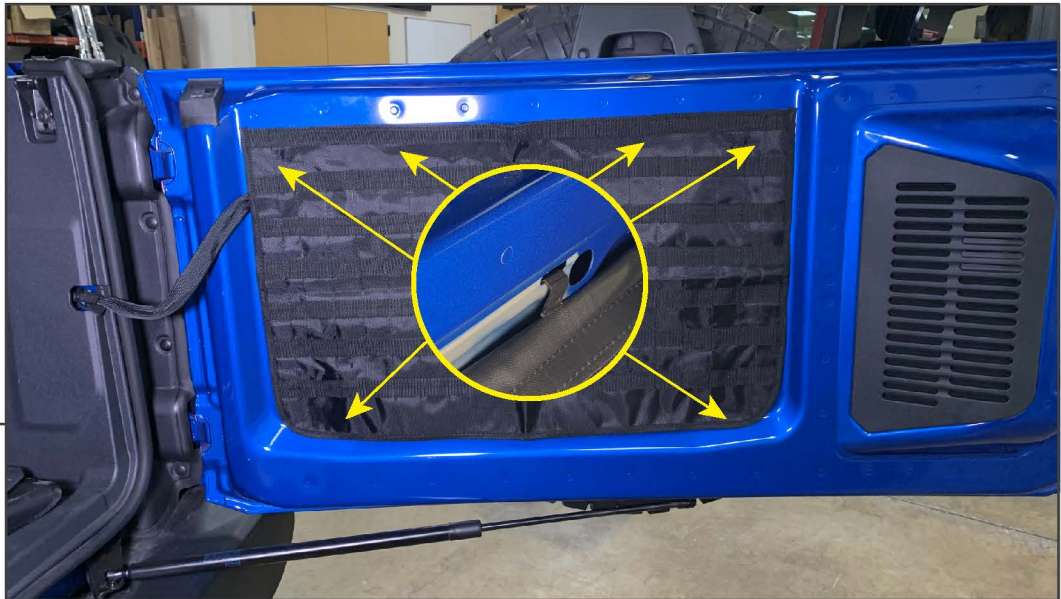

Using a panel removal tool, remove the tailgate trim panel by dislodging the (4) clips.

STEP 2

Hang the storage bag mount loosely to identify the adhesion points to the tailgate. Once identified, clean the areas using isopropyl alcohol and a microfiber cloth, and allow to dry.

**STEP 3**

Peel the tape backing, and clip the storage bag mount into the slots in the tailgate. Then, firmly press the tape into place to secure the mount to the tailgate.

**STEP 4**

On the storage bag, align the straps into the mount on the tailgate. Once routed, snap the buttons together to secure the storage bag to the tailgate mount.

Repeat this step for the remaining storage bag.

STEP 5

Installation is now complete.
