

CENTER CONSOLE MOLLE PANEL - DRIVER SIDE

(2021-2022+ BRONCO)

INSTALLATION INSTRUCTIONS

CONTENTS

- (1) Molle Panel
- (4) Phillips Screws

TOOLS REQUIRED

- Drill
- Phillips Head Drill Bit

STEP 1

Place the molle panel to the vehicle center console to familiarize product fitment. Take note to the fitment around the contours of the center console, as indicated above.

STEP 2

Using the molle panel as a template, secure the panel to the side of the center console using the (4) Phillips screws. Tighten until secure.

Installation is now complete.
