

# DOOR PANEL STORAGE POCKETS

(2021-2023+ BRONCO - 2 DOOR)

---

## INSTALLATION INSTRUCTIONS

### CONTENTS

---

(1) LH Door Panel Storage Pocket  
(1) RH Door Panel Storage Pocket

### TOOLS REQUIRED

---

N/A

## STEP 1

Identify each door panel storage pocket using the embossed identifier on the bottom of the pocket. Once identified, locate the vehicle interior door grab handle and place the pocket into the door.

## STEP 2

Press the storage pocket into the vehicle door panel grab handle. The pocket uses a friction fit into the door.

Once fully inserted, repeat this step for the remaining storage pockets. Installation is now complete.
