TOOLS REQUIRED

N/A

STEP 1

Clean the vehicle screen using glass cleaner. Use the [1] Wet wipe to go over the screen and allow to fully dry. Then, go over the screen using the [2] Dry wipe.

Use the Dust Sticker to go over the screen and pick up any remaining dust. Adhere the (2) sticker guides to the screen protector.

STEP 2

Peel the tape backing from the screen protector and align the protector to the vehicle. Once aligned, press the screen protector to the vehicle and press out all air bubbles.

Installation is now complete.
