TOOLS REQUIRED

N/A

STEP 1

Open the vehicle cargo area. To the side of the rear seat back rest, clean the vehicle interior trim using the provided adhesion promoter pad. Repeat this procedure for the opposite side trim panel. Allow the adhesion promoter to fully dry.

STEP 2

At the rear of the vehicle, clean the vehicle interior trim using the provided adhesion promoter pad. Repeat this procedure for the opposite side trim panel.

STEP 3

Adhere the rear cargo cover mounts to the vehicle by peeling the red tape backing, and firmly pressing each mount to the vehicle trim panel.

Note: The mounts are specific to each side of the vehicle. Ensure the top of the mount matches the vehicle trim.

STEP 4

Adhere the front hook mounts to the vehicle by peeling the red tape backing, and firmly pressing each mount to the vehicle trim panel.

Note: The mounts are specific to each side of the vehicle. Ensure the top of the hook is facing upwards.

STEP 5

Retract each end of the cargo cover assembly by pulling inwards, and insert each end into the previously placed mounts. The assembly will now be secure to the vehicle.

STEP 6

Extend the cargo cover, and secure into place by placing each end into the previously mounted hooks.

Installation is now complete.
