

FENDER MOUNTED FLAG POLE WITH FLAG

(2021-2023+ BRONCO)

INSTALLATION INSTRUCTIONS

CONTENTS

- (1) USA Flag
- (1) Flag Pole
- (1) Flag Pole Topper
- (1) Mounting Bracket
- (2) Torx Bolts
- (2) Flat Washers
- (1) Allen Bolt
- (1) Lock Washer
- (1) Torx Key
- (1) Allen Key

TOOLS REQUIRED

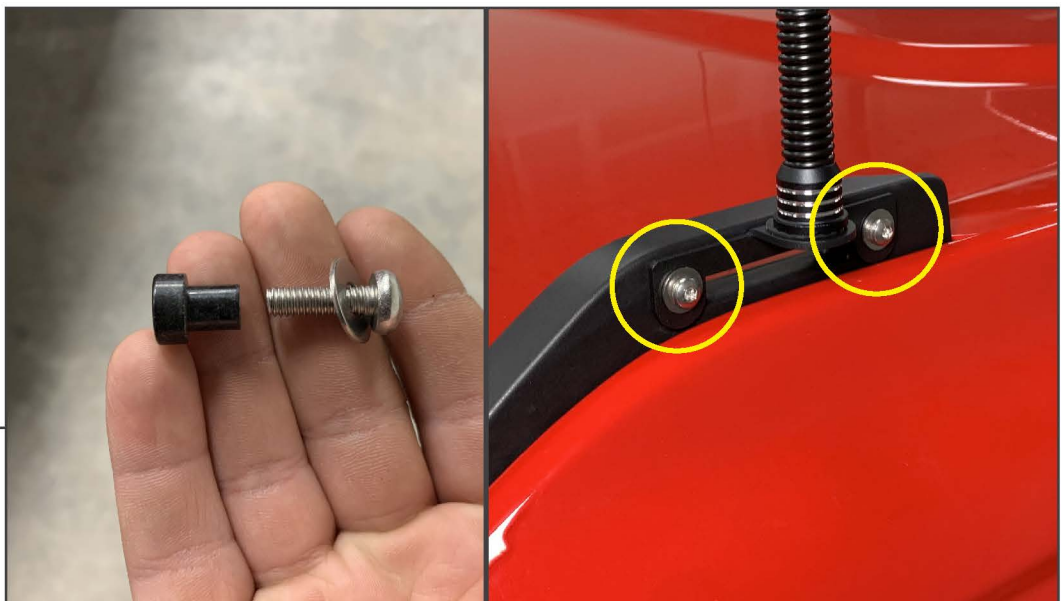

- 5mm Allen Key (Provided)
- T-30 Torx Key (Provided)

SKU # FB26831
Edited: 02/14/2023

STEP 1

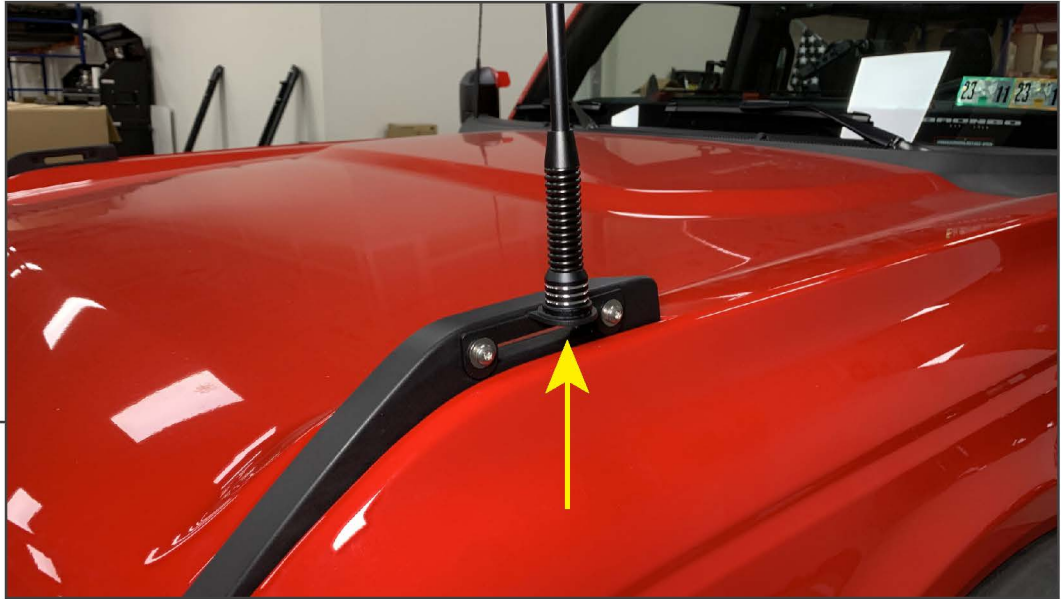

Locate the fender mounted accessory mounting point. Remove the (2) T-30 Torx bolts in the accessory mount, but do not remove the threaded insert. The threaded insert will be reused.

STEP 2

Mount (1) fender mounting bracket to the accessory mounting point using the provided (2) M6 Torx bolts and (2) M6 flat washers. Thread the included hardware into the vehicle threaded inserts.

STEP 3

Secure the flag pole to the mounting bracket using (1) Allen bolt and (1) lock washer. Tighten until the flag pole is secure.

STEP 4

Fit the USA flag onto the flag pole. Adjust the pre-installed rubber O-Ring to allow the flag to fit just under the top of the flag pole. Thread and tighten the flag pole topper onto the flag pole.

STEP 5

Installation is now complete.
