

SIDE WINDOW SUNSHADES

(2021-2023+ BRONCO - 4 DOOR)

INSTALLATION INSTRUCTIONS

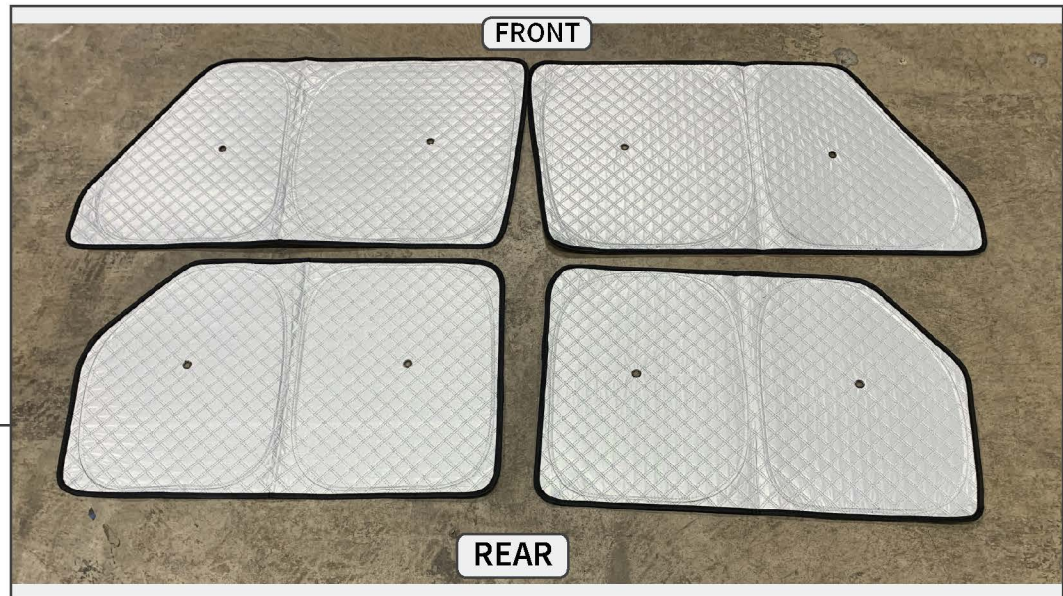

CONTENTS

- (1) LH Front Window Shade
- (1) RH Front Window Shade
- (1) LH Rear Window Shade
- (1) RH Rear Window Shade
- (8) Suction Cups

TOOLS REQUIRED

- Window Cleaner
- Microfiber Cloth

STEP 1

Clean the vehicle side windows using window cleaner and a microfiber cloth, and allow to fully dry.

Identify all sun shades. Depending on the desired orientation (black-out/reflective), the shades can be used on the LH/RH side of the vehicle.

STEP 2

Determine which side of the shade is desired to face outwards of the vehicle.

Press the suction cup ring through the desired outwards side of the sun shade and ensure both tabs lock into place against the sun shade.

STEP 3

Using the section cup rings, align and press the shade into place on the vehicle window.

STEP 4

Repeat steps 1-3 for all remaining sun shades.

Installation is now complete.
