

HOOD VENT COVERS

(2021-2024+ BRONCO - Excluding Raptor)

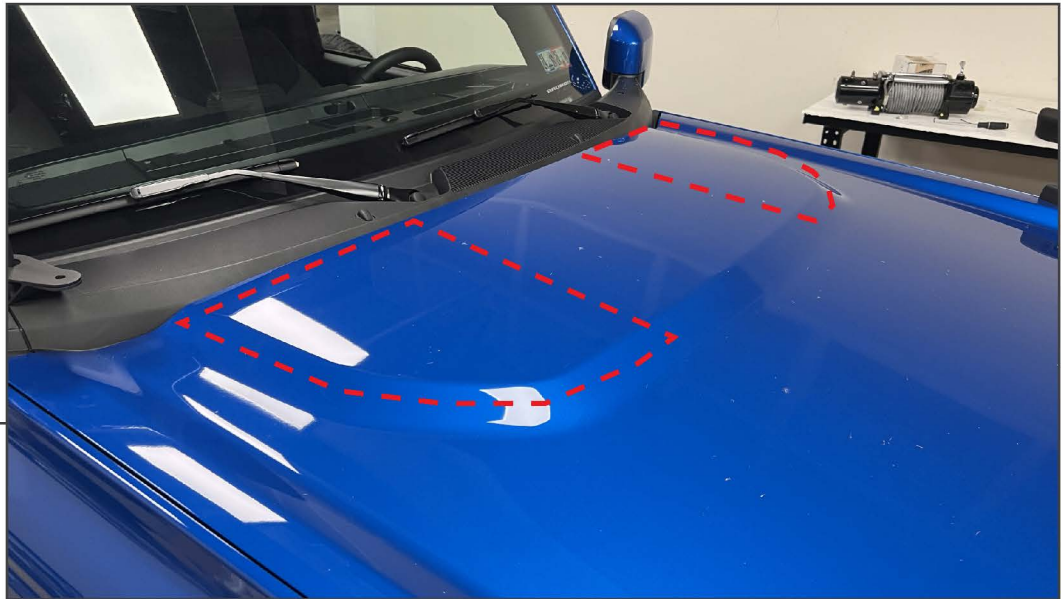

INSTALLATION INSTRUCTIONS

CONTENTS

- (1) LH Hood Vent Cover
- (1) RH Hood Vent Cover
- (2) Alcohol Prep Pads
- (2) Adhesion Promoter Prep Pads

TOOLS REQUIRED

- Exterior Detailer
- Microfiber Cloth

STEP 1

Clean the vehicle hood using exterior detailer and a microfiber cloth. Then, clean the hood vent mounting area using (1) isopropyl alcohol pad, followed by (1) adhesion promoter prep pad. Allow the surface to fully dry after each cleaning step.

STEP 2

Test fit each hood vent before peeling the red tape backing to familiarize fitment. Once familiar, remove the red tape backing and adhere the vents to the vehicle hood. Apply firm, even pressure to encourage proper adhesion.

Installation is now complete.
