- (1) Cup Holder Assembly
- (1) Alcohol Prep Pad
- (1) Adhesion Promoter Prep Pad

### TOOLS REQUIRED

---

N/A

## STEP 1

Remove any rear floor mat/ liner around the vehicle center console. Clean the vehicle center console below the rear window switches using (1) alcohol prep pad, followed by (1) adhesion promoter prep pad. Allow the center console to fully dry after each prep pad.

## STEP 2

Test fit the cup holder to the vehicle center console before peeling the red tape backing to familiarize fitment. Once familiar, peel the red tape backing, and firmly press the cup holder assembly to the vehicle console. Apply firm, even pressure to encourage adhesion.

Floor liners may need to be removed/trimmed for fitment around the cup holder.

Installation is now complete.
