

# FRONT LICENSE PLATE BRACKET

(2021-2024+ BRONCO)

---

## INSTALLATION INSTRUCTIONS

### CONTENTS

---

(1) License Plate Bracket  
(4) Phillips Screws

### TOOLS REQUIRED

---

Phillips Screwdriver/Bit  
Power Drill

## STEP 1

Utilizing the hook along the top of the bracket, fit the hook behind the vehicle painted panel under the front grille.

## STEP 2

Using a power drill and a Phillips bit, use the (2) included Phillips screws to secure the license plate bracket to the vehicle painted panel.

## STEP 3

Fit the bottom of the license plate into the bracket hooks. Then, use the (2) included Phillips screws to secure the front license plate to the license plate bracket.

Installation is now complete.
