STEP 1

Install the door hinge post onto the vehicle's door hinge bracket. Use (2) Flange Nuts and (1) Lock Washer per post.

STEP 2

Install the mirror to the post using (1) Washer and (1) Bolt per mirror.

STEP 3

Adjust the mirror as needed for your driving position. Once adjusted, tighten the (3) Allen screws on the back of the mirror. These Allen screws secure the mirror in place. Installation is now complete.
