				11	Washer	12	D12

Installation Steps:

1. Reference parts lists and installation drawings, check the accessories are complete.
2. Remove the factory bumper & the frame bracket, to fix the bumper to the frame with the screws.
(Fig.1 & Fig.2 & Fig.3AB)
3. All bolts are screwed on and adjust the best position to slowly tighten all bolts.
4. Check for leakage on the bolts, make sure tighten all the bolts.
