

LED FENDER FLARE MARKER LIGHTS

(2018+ WRANGLER JL)

INSTALLATION INSTRUCTIONS

CONTENTS

(1) LH Light
(1) RH Light

TOOLS REQUIRED

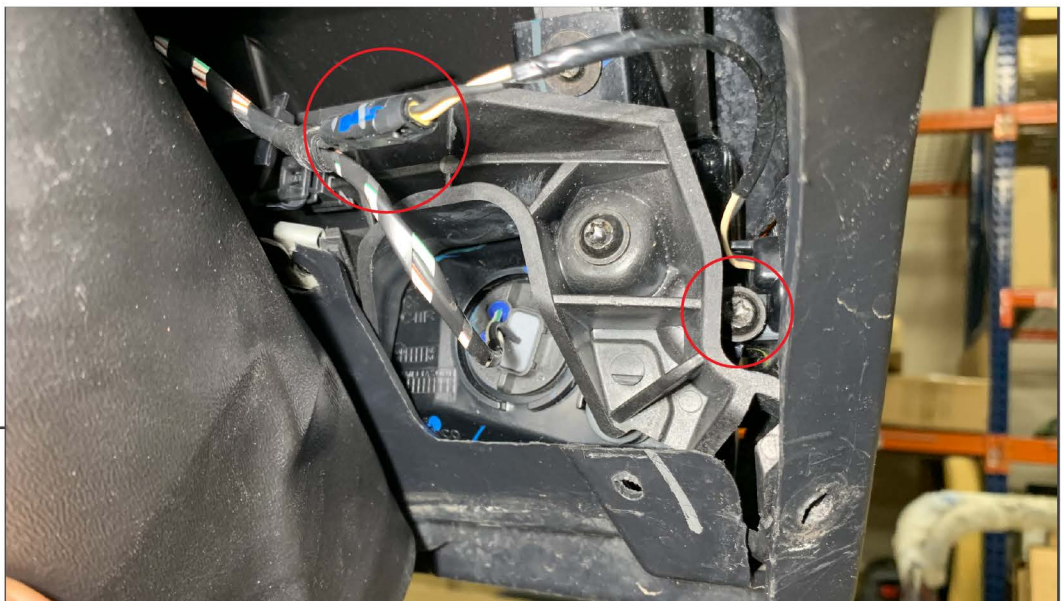

Soft Pry Tool
8 Socket & Socket Wrench
T30 Torx bit
Pliers

SKU: J134142-JL J134143-JL

STEP 1

Begin by removing the (2) 8mm screws, and (1) push clip securing the front edge of the inner fender liner to the vehicle.

STEP 2

Pull back the fender liner to expose the marker light's electrical connection and fastener. Disconnect the light's plug and remove the T30 fastener.

STEP 3

Slide the fastener forward to remove. Then reinstall the replacement light in reverse order.
