

# STEEL DEAD PEDAL - DRIVER SIDE

(2007-2018 WRANGLER JK)

---

## INSTALLATION INSTRUCTIONS

### CONTENTS

---

(1) Dead Pedal

### TOOLS REQUIRED

---

10mm Socket  
Socket Wrench

SKU # J134461

**STEP 1**

Begin by disconnecting the door's electrical connection. Follow the door strap under the dash to locate the plug. Once the plug is disconnected, unhook the door strap from the vehicle.

**STEP 2**

Remove the (2) 10mm door strap hook bolts and strap hook. Then remove the (2) 10mm electrical ground nuts.

**STEP 3**

Install and secure the dead pedal using the factory hardware. Then reconnect the door's electrical connection, and door strap.
