CONTENTS

(1) Tray
(1) Phone Mount

TOOLS REQUIRED

Phillips Head Screwdriver

SKU # J137653

STEP 1

Pull up on the factory rubber tray cover.

STEP 2

Using a Phillips head screwdriver, remove the (2) screws.

STEP 3

Install the phone mount post to the tray using the supplied nut and bolt.

STEP 4

Install the phone mounting post cover by clipping it into place.

STEP 5

Place the screw thumb wheel over the phone mounting post. Then, press the phone mount onto the post. Tighten the thumb wheel and adjust as needed.

STEP 6

Install the tray onto the dash using the factory hardware removed in step 2.

Installation is now complete.
