

HEADLIGHT MOUNTING BRACKET RINGS - BLACK

(1997-2006 WRANGLER TJ)

INSTALLATION INSTRUCTIONS

CONTENTS

- (1) Left Side Ring
- (1) Right Side Ring

TOOLS REQUIRED

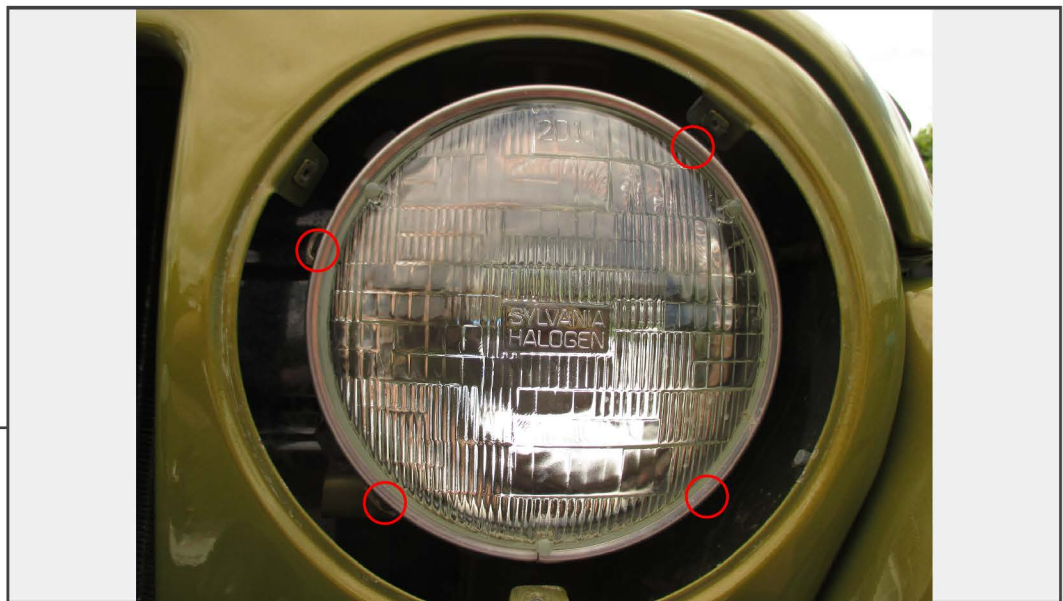

- Phillips head screwdriver
- T15 Torx

SKU # J138790

STEP 1

Remove the (3) T15 Torx screws that hold the headlight trim bezel to the vehicle.

STEP 2

Remove the (4) T15 Torx screws that hold the headlight bezel to the vehicle.

STEP 3

Install the matte black trim ring. ****Note:** Trim rings are a very tight fit. If the light has excessive amounts of lens adhesive the adhesive will need to be trimmed prior to installing the trim ring.
