(2018-2020 WRANGLER JL)

INSTALLATION INSTRUCTIONS

CONTENTS

(2) Headlight Guards

TOOLS REQUIRED

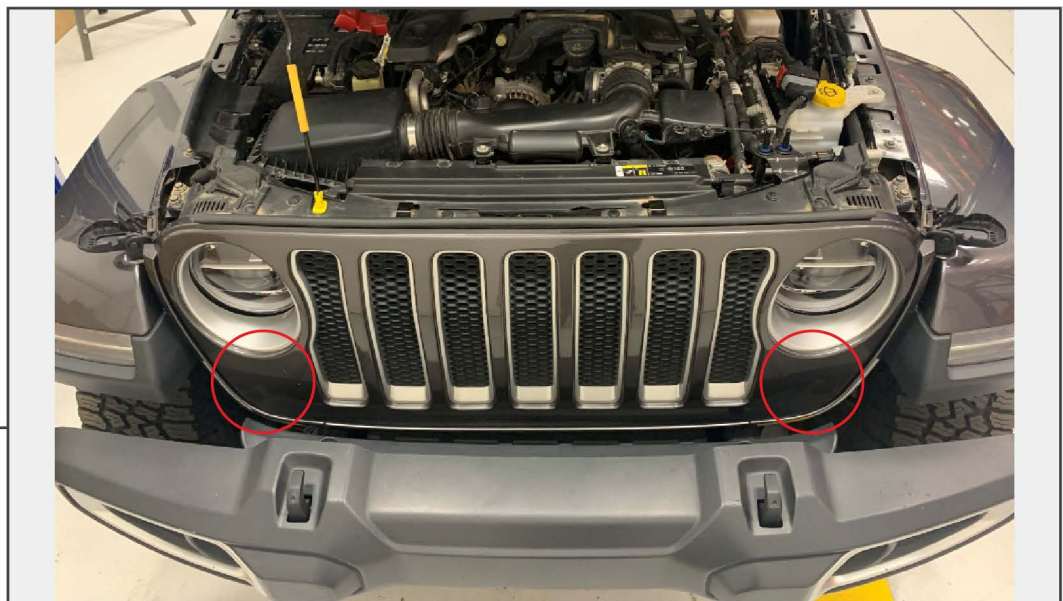

Panel Removal Tool
Isopropyl Alcohol
Microfiber Cloth

SKU # J141588

STEP 1

Open the hood, then remove (6) push clips from the top of the grille using a panel removal tool.

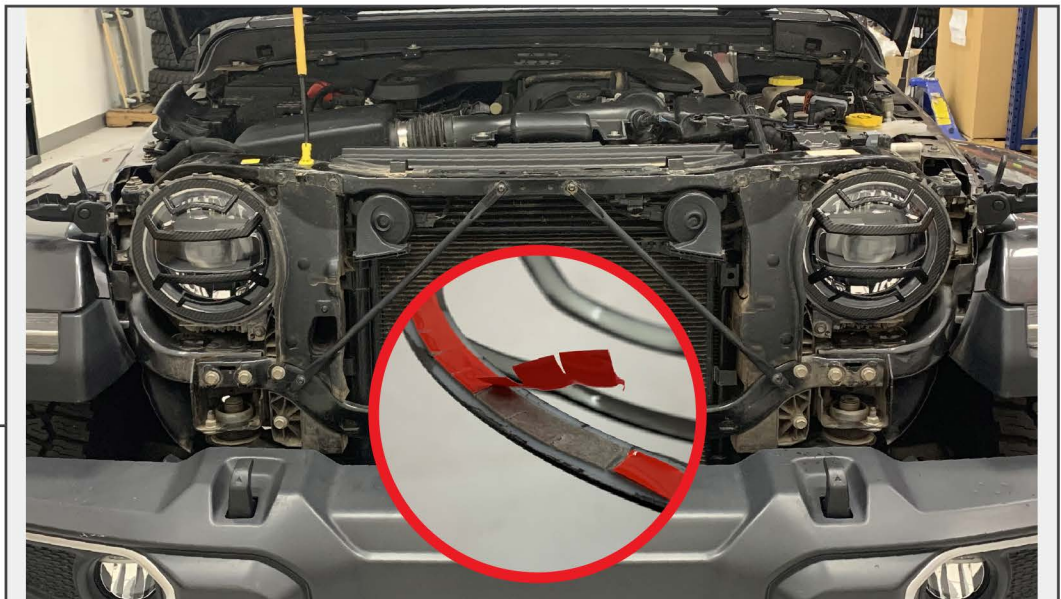

STEP 2

Firmly pull along the lower sides of the grille to dislodge the lower clips. Remove the grille from the vehicle.

**STEP 3**

Using a microfiber cloth and isopropyl alcohol, clean the headlight lens.

Repeat this procedure on the opposite side.

**STEP 4**

Peel back the double sided tape on the headlight guard, then align the guard onto the headlight lens. Firmly press the headlight guard onto the headlight lens to ensure the double sided tape adheres to the headlight lens.

Repeat this procedure on the opposite side.

STEP 5

Reassemble the grille onto the vehicle following steps 1-2 in reverse order.

Installation is now complete.
