

# HOOD HINGE UPGRADE KIT

(2007-2018 WRANGLER JK)

---

## INSTALLATION INSTRUCTIONS

### CONTENTS

---

- (2) Hood Latches
- (4) Phillips Head Bolts
- (4) Phillips Head Nuts

### TOOLS REQUIRED

---

- Cutters
- Phillips Screwdriver

SKU # J141987, J141988

**STEP 1**

Begin by removing the original hood hinges by cutting the plastic rivets from the hinge bases on the vehicle.

**STEP 2**

Remove and the hood hinge from the bases. Install the new hood hinge in the same orientation as the original using the provided (2) Phillips bolts and (2) Phillips nuts.

Note: The flat portion of the hinge must install into the fender hinge base.

---

**STEP 3**

Repeat steps 1-2 on the opposite side of the vehicle.

Installation is now complete.
