

FENDER MARKER LIGHT

(2007-2018 WRANGLER JK)

INSTALLATION INSTRUCTIONS

CONTENTS

(1) Pair of Fender Marker Lights

TOOLS REQUIRED

3mm Allen Key
Panel Removal Tool

STEP 1

Remove the (2) fender flare plastic pins. Using a small Allen key, push the center of the pin inwards. Then remove the clip using a panel removal tool.

STEP 2

Reach behind the fender light and unplug the light connector.

STEP 3

Slightly pull the outer layer of the flare away from the inner layer to access the fender light. Press down on the upper tab on the light housing, then remove the light in between the two fender flare layers.

Note: Use the new light as a template to locate the locking tab.

STEP 4

Install the new fender light into the fender flare following steps 1-3 in reverse order.

Installation is now complete.
