

REPLACEMENT REAR LICENSE PLATE MOUNT

(2007-2018 WRANGLER JK)

INSTALLATION INSTRUCTIONS

CONTENTS

- (1) License Plate Mount
- (1) License Plate Lamp
- (4) M6 Screws
- (4) M6 Screw Inserts

TOOLS REQUIRED

- 7mm Socket
- Ratchet
- Flathead Screwdriver

SKU # J152600

STEP 1

Remove vehicle license plate. Remove (4) 7mm screws from the license plate mount.

Note: Lowering the rear bumper may be necessary to access the lower screws.

STEP 2

Dislodge the license plate light from the mount by prying the locking tab gently with a flathead screwdriver. Pull the original bracket away and unplug the electrical connector.

STEP 3

Plug in the new license plate light and secure into the new license plate mount. Re-install the bracket following steps 1-2 in reverse order.

Installation is now complete.
