

# TURN SIGNAL LIGHT

(2007-2018 WRANGLER JK)

---

## INSTALLATION INSTRUCTIONS

### CONTENTS

---

(1) LH Turn Signal  
(1) RH Turn Signal

### TOOLS REQUIRED

---

Soft Pry Tool  
Flat Blade Screw Driver

## STEP 1

Using a soft pry tool, remove the (6) plastic push pins across the top of the factory grille cover. Then firmly pull the grille cover away from the vehicle.

## STEP 2

Disconnect the factory turn signal plug from each turn signal light. Slide back the red tab lock, then depress the tab and pull the plug away from the light.

## STEP 3

Depress the plastic tabs on the turn signal and push the turn signal out of the factory grille cover.

Repeat this step for the remaining turn signal light.

## STEP 4

Install the new turn signals by pushing the light into the grille until the locking tabs secure. Re-install the grille into the vehicle following steps 1-2 in reverse order.

Installation is now complete.
