(2007-2018 WRANGLER JK)

INSTALLATION INSTRUCTIONS

CONTENTS

(1) Grille Insert

TOOLS REQUIRED

Panel Removal Tool

STEP 1

Remove (6) plastic push clips from the top of the grille using a panel removal tool.

STEP 2

Pull the top of the grille away from the radiator support enough to fit the grille insert behind the vehicle grille.

Re-align the grille to the radiator support and install the (6) plastic push clips into the grille. Installation is now complete.
