

# LED INTERIOR BULB SET

(2007-2018 WRANGLER JK - 4 DOOR)

---

## INSTALLATION INSTRUCTIONS

### CONTENTS

---

(2) Rear LED Light Bulbs  
(2) Front LED Light Bulbs

### TOOLS REQUIRED

---

Pry Tool / Flathead Screwdriver

SKU: J166737

**STEP 1**

Gently remove the dome light cover using a pry tool/flathead screwdriver.

**STEP 2**

Remove the (2) light bulbs from the front dome light.

---

## STEP 3

Install the new LED light bulbs into the dome light and test functionality. Once tested, reinstall the plastic dome light cover to the vehicle by pressing the cover into place until an audible click is heard.

---

## STEP 4 (REAR)

Gently remove the dome light cover using a pry tool/flathead screwdriver in the visible cutout. The cover will hinge downwards.

## STEP 5

Remove the (1) light bulb from the rear dome light. Install the new LED light bulb into the dome light and test functionality.

## STEP 6

Once tested, reinstall the plastic dome light cover to the vehicle by pressing the cover into place until an audible click is heard.

Installation is now complete.
