## INSTALLATION INSTRUCTIONS

### CONTENTS

---

(1) All Weather Cover

### TOOLS REQUIRED

---

Adjustable Wrench  
Exterior Cleaner (Optional)

**STEP 1**

Clean vehicle. Remove vehicle antenna using an adjustable wrench.

**STEP 2**

Lay the cover out to find the (2) straps. Unclip (2) buckles on the straps located under the cover. Locate front of cover - look for sticker that points front.

The arrow will point forward away from vehicle when cover is installed.

**STEP 3**

Drape cover over vehicle. Pull all the way over vehicle.

**STEP 4**

Once fully fitted, using the (2) straps, buckle the straps together on each side.

Installation is now complete.
