

WINDBREAKER

(2007-2018 WRANGLER JK)

INSTALLATION INSTRUCTIONS

CONTENTS

(1) Windbreaker

TOOLS REQUIRED

N/A

SKU # J179610

STEP 1

Drape the windbreaker over the vehicle rear seat. Route the top straps towards the vehicle roll bar. Loosely secure the windbreaker to the roll bar using the (4) straps, beginning with the center straps.

The strap must fit through the inner slot, then around towards the front slot, pull the strap to secure.

STEP 2

Route the (4) lower straps around the front seat brackets, and tighten to secure into place.

STEP 3

Tighten all straps evenly to secure the windbreaker into place.

STEP 4

If fitting the windbreaker to the tonneau cover, utilize the rear zipper on the windbreaker and the tonneau cover to join the two panels together.

Installation is now complete.
