

# TUBULAR FRONT BUMPER

(1987-1995 WRANGLER YJ)

(1997-2006 WRANGLER TJ)

---

## INSTALLATION INSTRUCTIONS

### CONTENTS

---

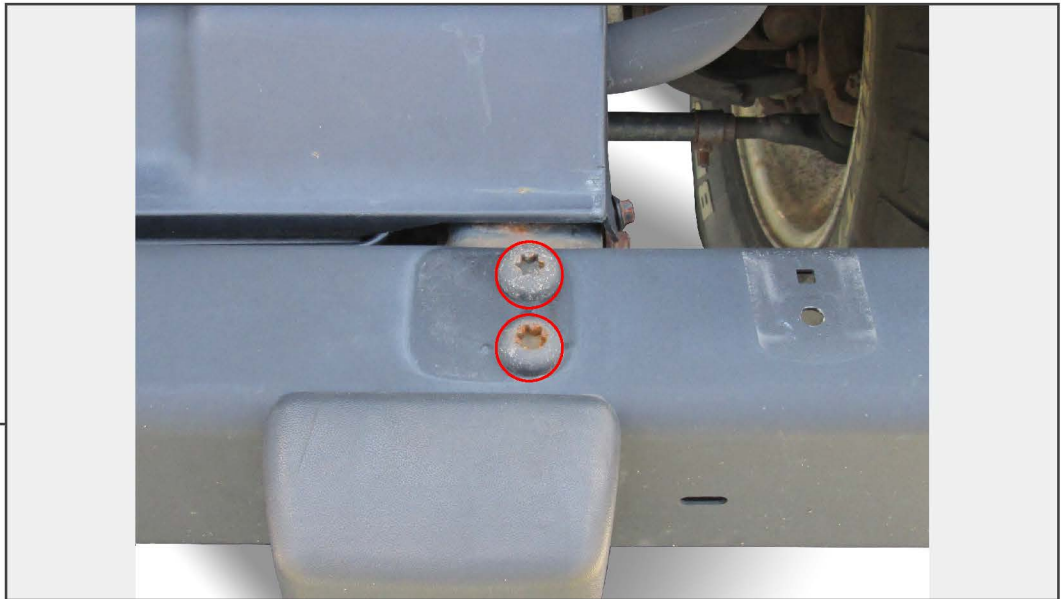

(1) Tubular Front Bumper  
(4) Washers

### TOOLS REQUIRED

---

T-55 Torx Socket  
Ratchet  
Socket Extension

SKU # J179905

## STEP 1

Remove the upper (4) T-55 Torx bolts from the top of the factory bumper, these bolts will be reused.

Remove the vehicle tow hooks, if equipped. The tow hooks will not be reused.

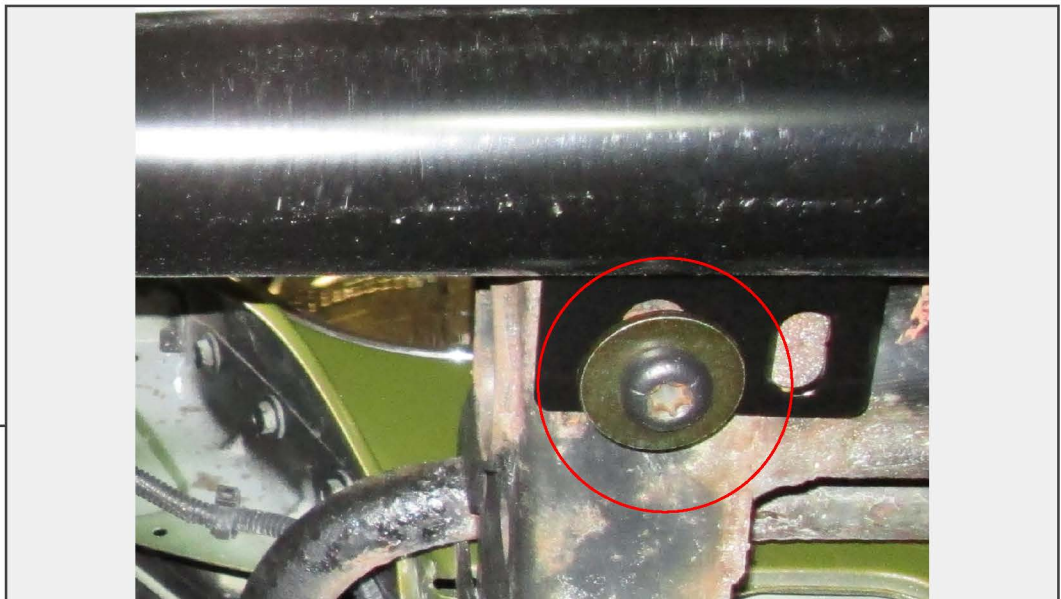

## STEP 2

Remove the (2) lower T-55 Torx bolt from the bottom of the front bumper, these bolts will be reused.

## STEP 3

Place the front bumper over the front of the frame, with light mounts on the top. Reinstall the (2) front upper bolt through the front bumper.

## STEP 4

Reinstall the (2) lower T-55 Torx bolt into the bottom of the front bumper.

---

**STEP 5**

Installation is now complete.
