

# EXTENDED BIKINI TOP

(2007-2018 WRANGLER JK)

---

## INSTALLATION INSTRUCTIONS

### CONTENTS

---

(1) Bikini Top

### TOOLS REQUIRED

---

N/A

SKU # J181974 / J181975 /  
J181976 / J181977

## STEP 1

Remove the vehicle top following OEM removal procedures. The bikini top installation requires the REDROCK Header Panel - SKU # J181979.

Secure the bikini top to the header panel using the buttons attached to the top and the header panel.

## STEP 2

Fit the bikini top to the vehicle, and align the header panel with the vehicle windshield hooks. Using (1) hand bolt and (1) metal hook, secure the header panel into place on each side. Ensure to press the header panel forward while evenly tightening the hand bolts to ensure proper seal to the windshield seal.

## STEP 3

Along the front of the side roll bars, secure the top around the roll bar utilizing the attached Velcro. Secure the front straps around the roll bar, and evenly tighten both sides.

## STEP 4

Secure the rear straps to the vehicle body using the pre-installed hooks. Tighten evenly until the rear of the top is secure.

Installation is now complete.
