

SMOKED HEADLIGHT COVERS

(2018-2023+ WRANGLER JL)

INSTALLATION INSTRUCTIONS

CONTENTS

- (1) LH Light Cover
- (1) RH Light Cover

TOOLS REQUIRED

- Exterior Detailer
- Microfiber Cloth

STEP 1

Clean the headlight buckets of the vehicle grille using exterior detailer and a microfiber cloth.

Identify the direction of the headlight covers.

STEP 2

Locate the (2) rubber pads on each headlight cover. The rubber pads secure to the sides of the grille headlight buckets using a friction fit. Spin the headlight cover to the tightest fitting orientation, and firmly press the headlight covers to the grille, ensuring a tight friction fit.

Repeat steps 1-2 for the remaining headlight cover. Installation is now complete.
