

# REAR CARGO AREA STORAGE ORGANIZERS

(2018-2023+ WRANGLER JL)

---

## INSTALLATION INSTRUCTIONS

### CONTENTS

---

- (1) LH Front Panel
- (1) LH Rear Panel
- (1) RH Front Panel
- (1) RH Rear Panel
- (4) Phillips Screws
- (2) Alcohol Prep Pads
- (2) Adhesion Promoter Prep Pads

### TOOLS REQUIRED

---

Phillips Screwdriver

## STEP 1

Identify each storage organizer using the embossed identifier. Secure the matching panels together using the provided Phillips screws. Tighten the screws evenly until secure, do not over-tighten.

## STEP 2

Test fit the storage organizer assembly to the vehicle cargo area panel. Once familiar with fitment, clean the vehicle panels using (2) alcohol prep pad and (2) adhesion promoter prep pad.

Allow the vehicle panels to fully dry, then peel the double sided tape backing from each panel and press each side of the storage organizer into the vehicle firmly to ensure proper adhesion.

Installation is now complete.
