Exterior Detailer

SKU # J212027

## STEP 1

Remove the vehicle top. Clean the exterior of the vehicle prior to install to prevent scratches during installation. Drape the cab cover over the vehicle, making sure the mirror flaps are towards the front of the vehicle.

## STEP 2

Pull the cab cover over the entire cab. Pull the sides over the mirrors and down the doors. Make sure the cab cover is even on all sides.

### STEP 3

Using the (8) attached elastic hooks, attach the cover to a suitable location under the vehicle, and tighten to secure.

Installation is now complete.
