

REAR DEFROSTER CABLE COVER KIT

(2018-2024+ WRANGLER JL)

INSTALLATION INSTRUCTIONS

CONTENTS

- (1) LH Defroster Cover
- (1) RH Defroster Cover
- (2) Prep Pads

TOOLS REQUIRED

- Window Cleaner
- Microfiber Cloth

STEP 1

Clean the vehicle rear window using window cleaner and a microfiber cloth. Then, carefully remove the defroster cable from the rear window retainer, if applicable.

STEP 2

Identify the appropriate cover using the embossed label. Then, fit the defroster cable into the cover retainer. Test fit the cover to the rear window. Once familiar with fitment, clean the rear window along the area of the cover using the included prep pad.

STEP 3

Remove the tape backing and press the cover onto the vehicle rear window.

STEP 4

Repeat steps 1-3 for the remaining defroster cable cover.

Installation is now complete.
