---

## INSTALLATION INSTRUCTIONS

### CONTENTS

---

(1) Grab Handle Assembly

### TOOLS REQUIRED

---

T-15 Torx Screwdriver/Bit

## STEP 1

Open the vehicle rear window. Locate and remove the (2) T-15 Torx bolts from the plastic panel, and remove the panel from the vehicle.

## STEP 2

Using the original (2) T-15 Torx bolts, secure the grab handle assembly to the vehicle rear window utilizing the original bolt holes. Tighten the hardware evenly until secure.

Grab the handle to easily close the rear window.

Installation is now complete.
