

HARDTOP SEAL KIT

(2018-2024+ WRANGLER JL)
(2020-2024+ GLADIATOR JT)

INSTALLATION INSTRUCTIONS

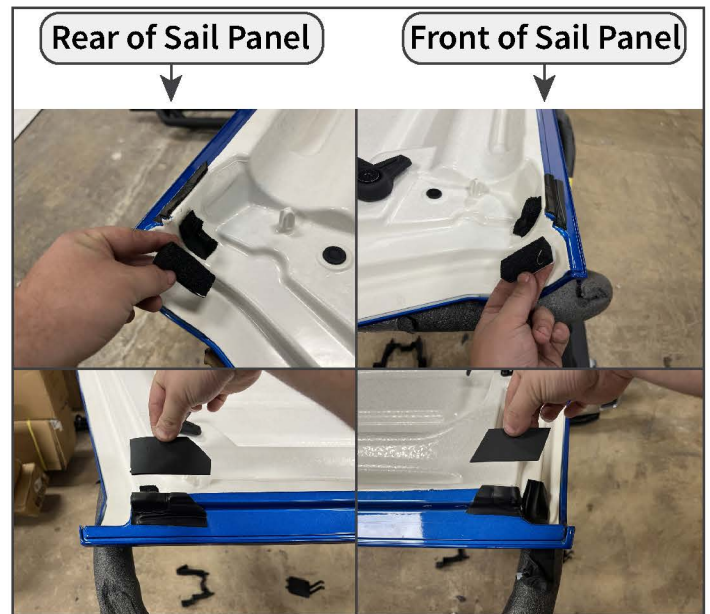

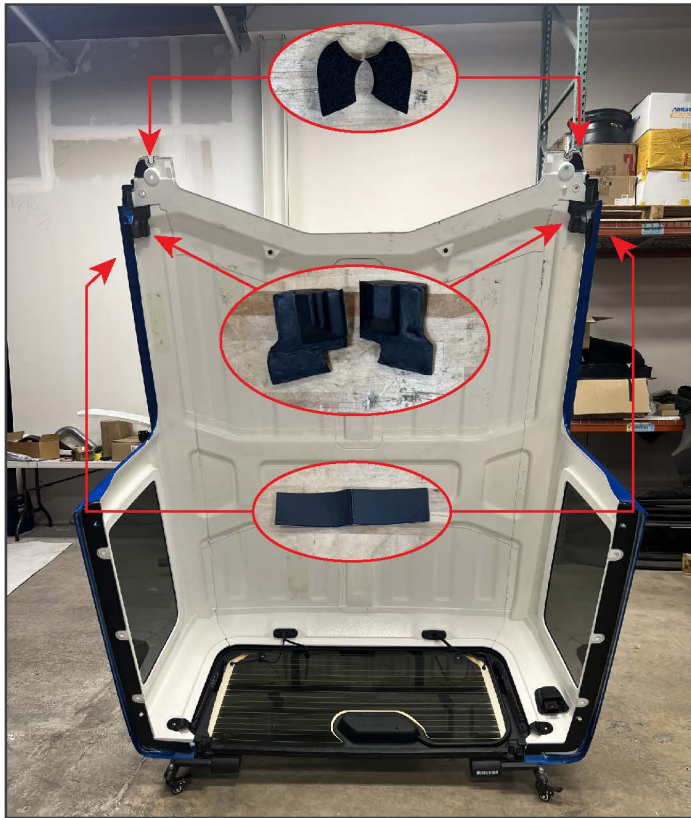

CONTENTS

(2) Rectangular Sail Panel Seals
(2) Front Corner Hardtop Seals
(2) Front Hardtop Large Seals
(4) Hard Top & Sail Panel Side Seals

TOOLS REQUIRED

Isopropyl Alcohol
Microfiber Cloth

SKU # J214339

Identify the mounting location for each of the provided hardtop/sail panel seals using the diagrams above. Once familiar with location, remove the original seal and clean the area using isopropyl alcohol to remove all of the original adhesive.

Once clean, peel the tape backing from the included seals and fit each seal to the designated hardtop/sail panel area. Press firmly to encourage adhesion.

Note: The flat foam seals will need to be trimmed along the pressed line to form the correct shape.
