N/A

SKU # J236544 / J236545 / J236546 /  
J236547 / J236548

## STEP 1

Wrap each grab handle strap around the vehicle roll bar. Then, route each of the strap ends through the corresponding strap clip. Pull the strap tight, and velcro the tail to the strap Velcro backing.

Note: Ensure the grab handle straps are not around any moving components.

## STEP 2

Repeat Step 1 for the remaining grab handle.

Installation is now complete.
