

ROLL BAR GRAB HANDLES

(UNIVERSAL)

INSTALLATION INSTRUCTIONS

CONTENTS

(1) Pair of Grab Handle

TOOLS REQUIRED

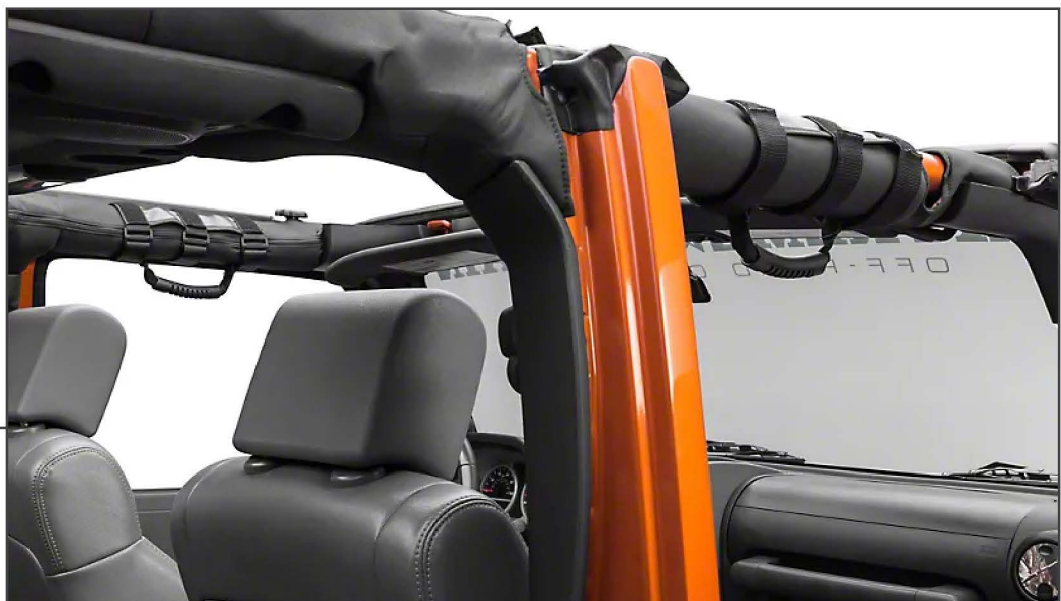

N/A

STEP 1

Wrap each grab handle strap around the vehicle roll bar. Then, route each of the strap end through the corresponding strap clip. Pull the strap tight, and velcro the tail to the strap Velcro backing.

Note: Ensure the grab handle straps are not around any moving components.

STEP 2

Repeat Step 1 for all remaining grab handles.

Installation is now complete.
