

BED MAT

(2020-2023+ GLADIATOR JT)

INSTALLATION INSTRUCTIONS

CONTENTS

(1) Bed Mat

TOOLS REQUIRED

Automotive Soap/Detailer
Automotive Cleaning Materials

SKU # JG16777

STEP 1

Clean the vehicle bed using automotive soap/detailer. After cleaning, ensure the bed is fully dry.

Identify the front/rear of the bed mat. The wide portion will align towards the rear of the vehicle. Identify the top/bottom of the bed mat. The side with vertical lines will face upwards.

STEP 2

Un-roll the bed mat into the vehicle bed, ensuring the vertical lines are facing upwards. Evenly space the sides to fit to the bed sides.

Allow the bed mat to rest in the sun after placing in the bed to allow the mat to form to the vehicle.

Installation is now complete.
