

LED BUMPER COVER

SKU # AMJPCC00805

Product Installation Instructions

Fitment : 2018-2023 JEEP WRANGLER JL / GLADIATOR JT

STEP 1

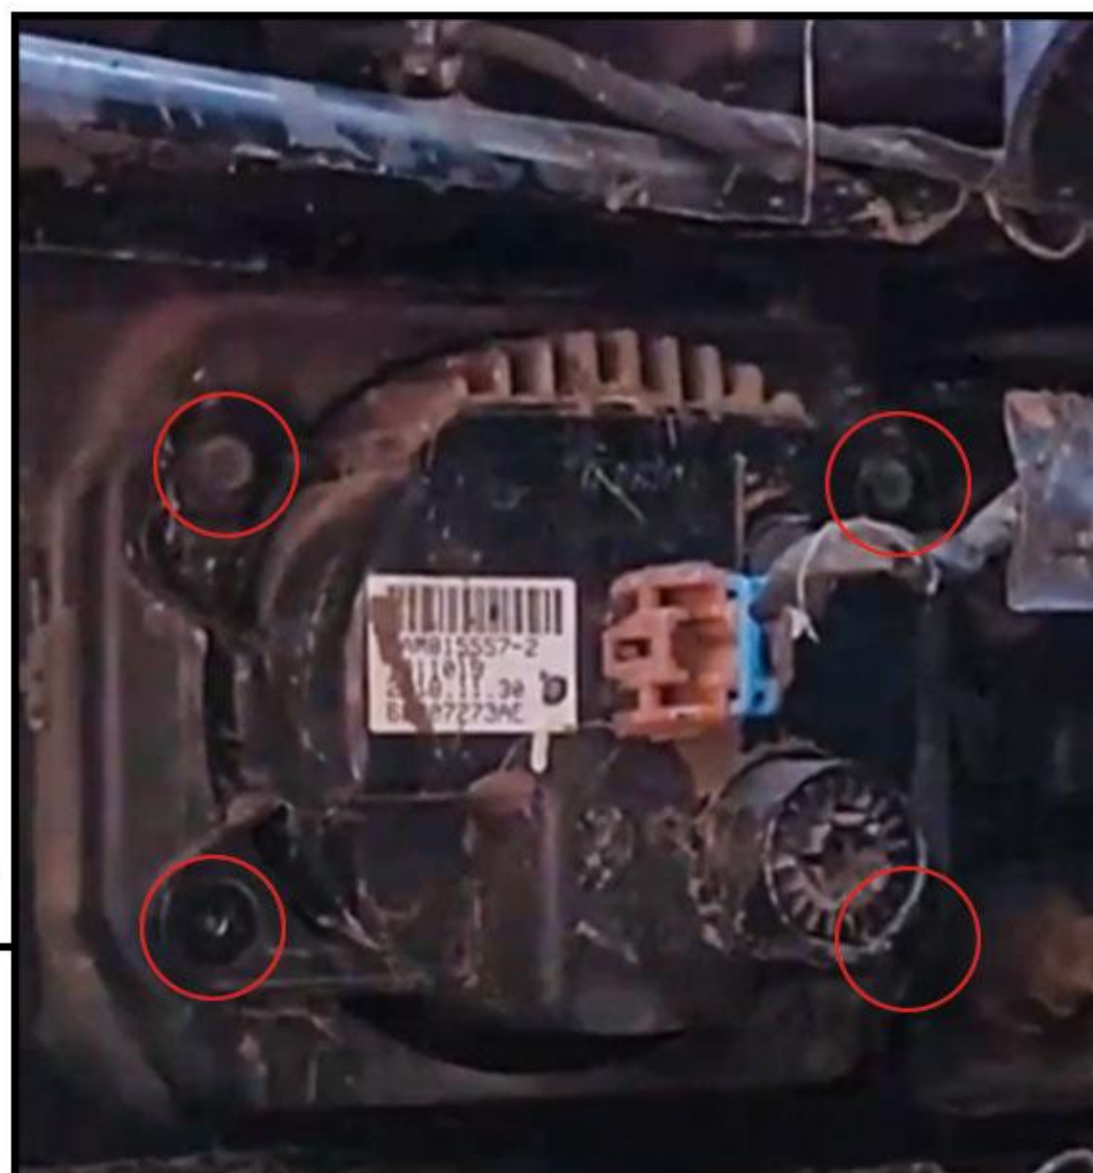

Remove the five bolts behind the original fog light cover.

STEP 2

Remove the bottom two bolts, then remove the plastic cover.

STEP 3

Remove the four screws fixed on the back of the fog lights, unplug the wire harness, and take off the fog lamp.

STEP 4

Remove the screw securing the bumper cover.

STEP 5

Remove the original bumper fog light cover.

STEP 6

Install the new LED bumper cover.

STEP 7

The black wire connects to battery negative. The yellow wire connects to turn signal lights. The red wire connects to ACC.

STEP 8

Simply do the removal steps in reverse to reinstall the new LED bumper cover.
