

ALL WEATHER COVER

(2020-2021 GLADIATOR JT)

INSTALLATION INSTRUCTIONS

CONTENTS

(1) All Weather Cover

TOOLS REQUIRED

Adjustable Wrench
Exterior Cleaner (Optional)

SKU # JG9253

STEP 1

Clean the vehicle using automotive grade soap and water. Ensure vehicle is dry before continuing. Remove vehicle antenna using an adjustable wrench.

STEP 2

Lay the cover out to find the (2) straps. Unclip (2) buckles on the straps located under the cover. Locate front of cover - look for sticker that points front.

The arrow will point forward away from vehicle when cover is installed.

STEP 3

Drape cover over vehicle. Pull all the way over vehicle.

STEP 4

Once fully fitted, using the (2) straps, buckle the straps together on each side.

Installation is now complete.
