

CENTER CONSOLE STORAGE DIVIDERS

(2010-2022 4RUNNER)

INSTALLATION INSTRUCTIONS

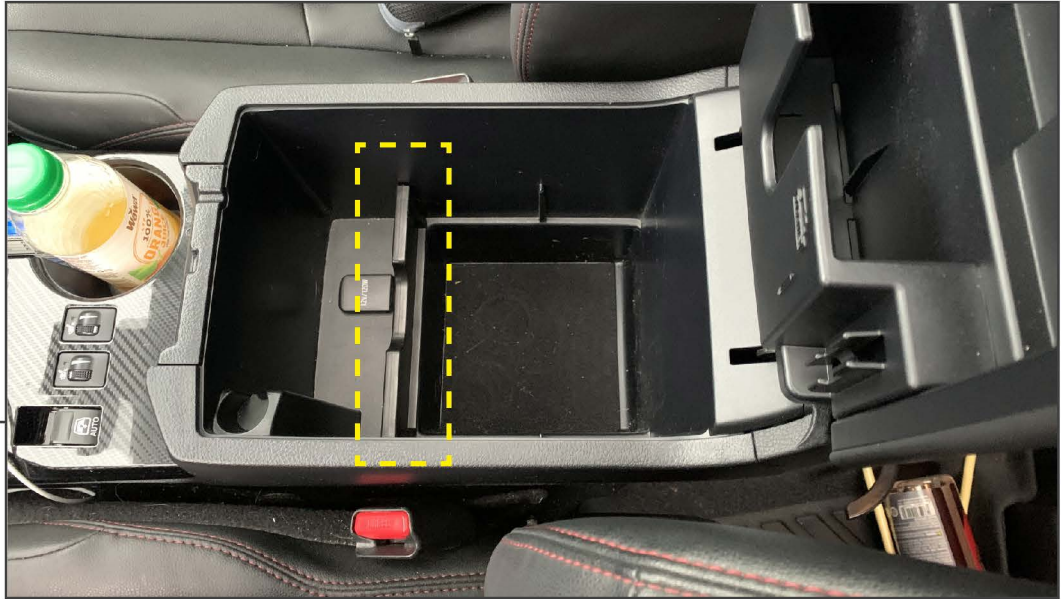

CONTENTS

- (1) Wide Horizontal Panel
- (1) Narrow Horizontal Panel
- (1) Vertical Panel

TOOLS REQUIRED

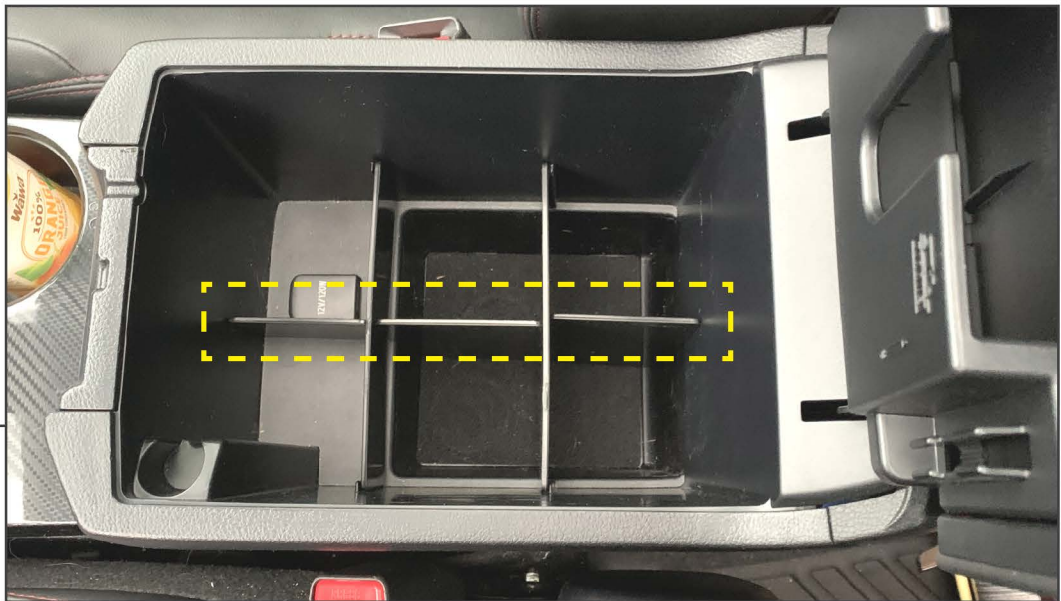

N/A

STEP 1

Open the center console lid, and remove all contents from the center console. Remove the OEM center console divider, if applicable.

STEP 2

Locate the arrows on each panels indicating installation direction. Place the (1) vertical panel into the center console.

STEP 3

Install the (2) horizontal panel into the vertical panel grooves. The wider panel fits into the deep section of the center console, while the narrow panel fits to the shallow portion of the center console.

Installation is now complete.
