

# WIRELESS CHARGING STATION

(2010-2023 4RUNNER)

---

## INSTALLATION INSTRUCTIONS

### CONTENTS

---

- (1) Storage Tray
- (1) Storage Tray Liner
- (4) Foam Pads
- (1) 12V Outlet Plug
- (1) USB Cable

### TOOLS REQUIRED

---

N/A

## STEP 1

Clean the center console of all contents to access the 12V port. Plug the 12V plug into the outlet, and plug the USB into the plug and the storage tray.

## STEP 2

Place the center console tray into the vehicle center console. If necessary, use the included foam pads to give the tray a tighter fit to the console. Insert the (1) tray liner. Press the power button to power the wireless charger. The charger will receive power with the vehicle key on.

Installation is now complete.
