

# WINDSHIELD SUN SHADE

(2017-2023 4RUNNER)

---

## INSTALLATION INSTRUCTIONS

### CONTENTS

---

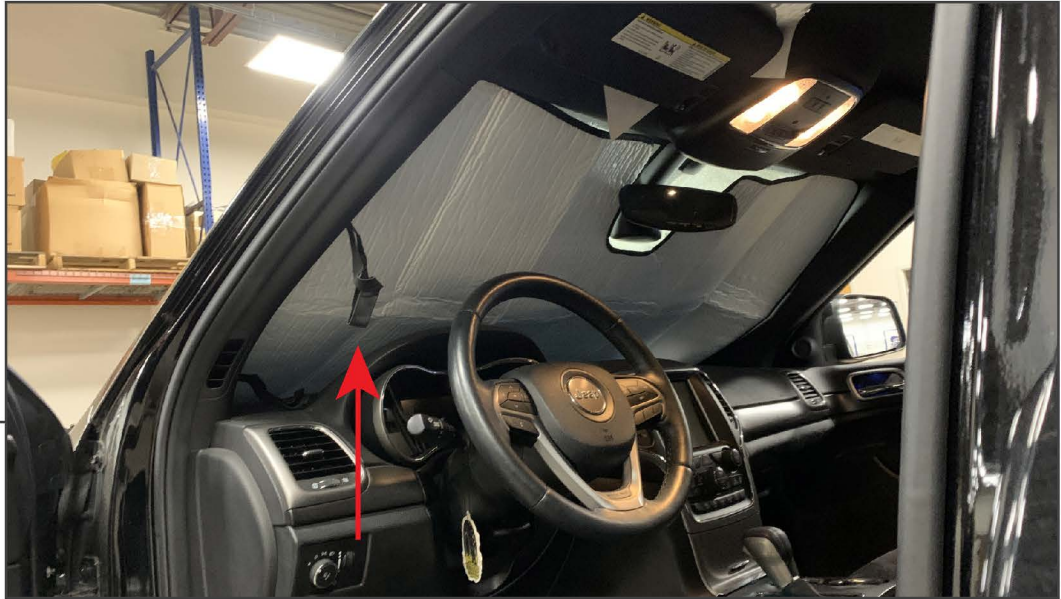

(1) Windshield Sun Shade

### TOOLS REQUIRED

---

N/A

## STEP 1

Un-fold the sun shade, and locate the elastic retaining bands. During fitment, the bands need to be on the LH (Driver's) side of the vehicle for the reflective portion to face outwards.

Fit the sun shade to the vehicle windshield. Minor tucking around the panels and mirror may be required.

## STEP 2

Installation is now complete.
