## REDROCK

### STEP 1

- Clean the top of the mirror assembly using (1) alcohol prep pad, allow to fully dry.
- Clean the top of the mirror assembly using (1) adhesion promoter prep pad, allow to fully dry.

Test fit the provided mirror cover to the mirror before removing the tape backing to familiarize fitment.

### STEP 2

Once familiar with fitment to the vehicle, peel the red tape backing from the mirror cover and press the mirror cover to the vehicle mirror. Apply firm even pressure to encourage adhesion.

Repeat Steps 1-2 for the remaining mirror cover.

Installation is now complete.
